**Hollogram Issue No. 86**

**April 2014**

[bobby\\_powell](#)

**Hello Again Neil,**

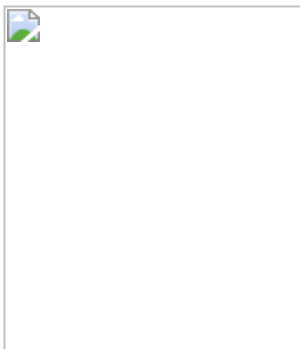

If "April showers bring May flowers", we should have plenty of flowers within the next month for sure! With the summer hot season just a few months away, **now would be a good time to schedule Holland Industrial to come to your plant and do an Infrared Thermal Scan on all of your electrical panels,** to detect any loose electrical connections or overheated contactors, fuse blocks and circuit breakers, that may cause serious unwanted downtime at your plant.

**Bobby Powell**  
Sales manager

**We Also offer, since Holland Industrial is a full stocking distributor for Siemens, "Switchgear inspections and repair capabilities" at very competitive pricing.** We stand ready to serve you.

By the way....*No one picked Kentucky to win this years NCAA basketball tournament.*

## 1. Product of the Month

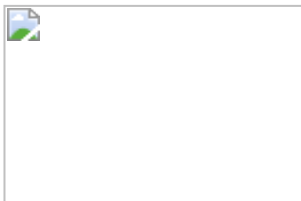

**We are an Elite Master Distributor for Leeson Electric Motors.**

Leeson is owned by **Regal**, a \$3 billion dollar US headquartered company and is the strength behind Leeson, Grove Gear, Unico, Fasco, Genteq and Marathon, among other brands.

There are 471 pages in the New Leeson catalog 1050, but I have separated out the "bread and butter" 3 phase ODP and TEFC motor sections and you can download this pdf below.

[link 'Leeson 3 Phase Motors.pdf'](#)

## 2.Video of the Month

**Here is a brief video of the AtmoMotor HV Atmospheric Motor.....using wireless energy.** Thought provoking.

### 3.Shop "Tech Talk"

**Rules of Thumb are a great help....here are a few I still use.**  
**Also for the more curious here is a link to a pdf book ['Rules of Thumb in Engineering Practice'](#)**

link [Tech Talk 'Rules of Thumb'](#)

### 4.Did You Know....

**.....that Ukrainians invented a plane with the largest freight-carrying capacity in the world - the An-225 "Mriya". Originally, it was designed for spacecraft transportation. Now it specializes in freight haulage.**
